

Introduction

Italcomex Import Export Srl Company founded in 1996 as a Export Company of Traditional Italian Food. It is specialized in the production and marketing of Italian Canned Tomatoes and vegetables Boiled Legumes (Pulses), typical products of the Southern Italian tradition.

Tradition

The passion for natural and genuine products along with the search for high quality standards and the use of the most advanced and modern technologies are all factors that have contributed to the company's continual growth: since the first year Italcomex has followed the latest market trends with carefulness and respect for the history and traditions.

Location

The company is located in the centre of the production area of the world famous «San Marzano» tomatoes and the best Italian pasta, in the small and beautiful city of Nocera Inferiore, between Salerno and Naples in the South of Italy. Here, a perfect harmony of sun and field and with the presence of the Vesuvius, the famous Volcano (whose past eruptions makes the ground of the Agro Nocerino Sarnese particularly fertile) give birth to a spontaneous gift of the nature, the famous "San Marzano Tomatoes", unique and inimitable: a mixture of quality and Taste.

Products

At the beginning, the production started with the full range of canned tomatoes which included: Whole Peeled, Diced Chopped, Cherry or Small Tomatoes, Tomato Paste in different concentrated, Tomato Puree, Pronto Pizza available in various sizes. As the volume of the business increased in the coming years, Italcomex has continuously developed the production introducing other kind of vegetables and canned products to meet the requests of its different customers.

Italcomex is pleased to offer now in its full range other items such as Backed Beans, Red Kidney Beans, White Beans, Cannellini Beans, Lentils, Chick Peas and Green Peas and the latest product is the Foul Madame or Fava Beans

Anyway, canned tomatoes are the company's speciality and it is Italcomex care is to ensure that all products should be available according to all customers' demands all year round.

Brand

The products are distributed under Carla brand and under private labels as well of many retailers worldwide.

The items are currently exporting *throughout* Europe, Asia, Australia, Oceania, Africa, South- America, but Italcomex aim is always to develop new markets and business areas for its products.

Quality

The manufacture differentiation and the continuous research to improve the quality and the selection of its products are a prerogative of the company strategy.

Thanks to the passion, experience and professionalism that differentiate Italconex work, in 10 years the company has built a comprehensive and total knowledge and it has been able to satisfy all its clients' needs.

Moreover, the company has strengthened its approach towards the Total High Quality which focussed not only on prime materials, but to all of those aspects that bring our Italconex products to the tables of the consumers.

Italconex products are produced without genetically modified ingredients: the entire process of production is guaranteed and it gives birth to a product with unique and authentic flavour that cannot be imitated elsewhere.

The accurate selection of raw material as well as the severe quality controls on each stage of the production processes enables Italconex to ensure the top quality of its product. The care of all the processing stages gives to the consumers a genuine and authentic product that is different from the industrial low-cost product.

Team

The management team has a long and successful experience in the field of foodstuff. Every website visitors and potential customers will find a responsive and professional staff at their entire disposal: a qualified and multilingual sales team which will do its best to satisfy all customers' requests.

Logistic

In order to keep high standards of quality and service, Italconex always makes its best to offer a transport as rapid as possible.

The transportation to the nearest countries of Europe is processed very quickly by tracks, while shipping outside Europe is usually processed by sea through vessels.

The company is strategically located in Nocera Inferiore, a few kilometres far from Salerno and Napoli with the possibility to load in both ports so that shipments to distant countries will be processed very fast and without any problems.

It is a matter of fact that Italconex main aim is to carry on the tables of its consumers the best tomatoes and vegetables production concentrating its efforts in order to assure the best products in terms of taste, price and above all quality: a quality that comes from the ancient culture of Southern Italy, a land that, still today, keeps the gastronomic tradition of a time.

Our company brings together the high quality of Italian products, the respect for traditional processing systems combined with the application of modern technologies, the experience of more than 10 years in commercial, trade, a multilingual sales team and customer service which always offer the best service in order to satisfy all its clients' needs.)

Italconex products are for everyone and for all taste: they are healthy and genuine items suitable for everybody!

Please, enjoy the good things from nature that Italconex brings to the table by visiting its web site. @ www.italcomex.it
